

FOR IMMEDIATE RELEASE- DECEMBER 14, 2008

## INTRODUCING WINE COUNTRY NATURALS™

### Can Wine Improve Your Skin?

The answer to that question is **YES** with the introduction of **Wine Country Naturals™**!

**Wine Country Naturals™** is a line of luxurious, all-natural skin care products made in the heart of the California Wine Country. Only the finest botanicals, wine grapes, and grapeseeds containing beneficial ingredients and antioxidants are used to formulate our products. The products are perfect for winery tasting rooms, wine clubs, gift shops, boutiques, specialty gift baskets, gourmet food stores, hotels, spas, and medispas — especially in wine country areas — anywhere in the world.

Chardonnay-Pear Essence Body Butter, Zinfandel-Currant Essence Mud Masque, Cabernet-Plum Essence Salt Scrub and Chardonnay-Honey Essence Hand Lotion are the first products being introduced by **Wine Country Naturals™**. “*Our products contain only natural ingredients and wine grapes from the heart of the California Wine Country.*” said Sue Redenbaugh, President of **Wine Country Naturals™**.

*“My partners, Susan Preston, Annie Holman and Greg Yates and I decided that it would be fun to marry the beauty industry with the wine industry,”* said Sue. *“And we needed an ongoing excuse to visit all the fantastic wineries and wine county regions in California, and all over the world!”*

**Wine Country Naturals™** can private label our product line for any winery. The products can be manufactured using wine grape concentrates from a winery made specifically with their grape juice, for their tasting room or wine club. If a winery specializes in Riesling, how about a Riesling-Grapefruit Essence Body Butter?

We also have the capability of developing other distinctive all-natural products using grapes. For example: shampoo and conditioners for hotel and spa distribution, or body washes, shower gels and scented bar soap for your tasting room or boutique. We are very interested in grafting **new** products, please contact us with all your creative viniculture ideas!

**Wine Country Naturals™** products may be found at [www.winecountrynaturals.com](http://www.winecountrynaturals.com), or phone or e-mail us at 415.475.5155, [sue@winecountrynaturals.com](mailto:sue@winecountrynaturals.com). Retail and wholesale price points are available.
